REMARKS

The Applicant respectfully requests entry of the above amendment and reconsideration in view of the amendment and the following remarks.

The applicant gratefully acknowledges the allowance of all the claims with objections.

In response to the objection to the claims the claims have been amended above. The new claims 7-9 and 10-12 are each group substantially the same as original claims 4-6 respectively with different dependencies. The claims were added to provide the same coverage as the original multi-dependent claims.

The above amendment was not required for patentability of the claims, so that the claims cover all equivalents of the elements of the claims.

The claims are definite and distinguished from the citations and Applicant respectfully requests the allowance of all claims.

The Commissioner is hereby authorized to credit any overpayment or charge any fee (except the issue fee) including fees for any required extension of time, to Account No. 14-1270.

Respectfully submitted,
